Helping parents have certainty about their parenting skills such that all of the doubts and reservations regarding good parenting are laid to rest. Our goal is to help you “Have your Child’s Love and Respect while Helping Them to Be Happy and Productive”. This protocol begins with our Parenting IQ Test – to determine the areas that need the greatest focus. It then continues with a discussion of the issues, an interview with the children, the Parenting Workshop noted above, the Advanced Communication Skills thoroughly reviewed and drilled, a mediation with the children if appropriate, and a resolution of all situations to a very favorable end result.
